

Subject: Railroad

Purpose: To establish emergency guidelines for the notification of the railroads within the Fire District of emergency situations.

Scope: Applies to all NPPFD personnel

Railroads shall be notified to stop rail traffic under the following situations:

- For any incident that personnel are working on or near the railroad right-of-way
- When hose lines are laid across the rails
- When hose lines are laid near the rails, where a passing train could jeopardize the welfare of fire department personnel
- For any incident that involves railroad property or equipment
- For any incident deemed necessary by the Incident Commander

By the Order of: _____
Fire Chief

Date: _____
